## Materials

- Googly Eyes
- Double Sided Tape or Hot Glue Gun
- Rocks
- Leaves
- Marker

## Instructions

---

### Prepare Your Monster

- Use the marker to draw simple mouth designs.
- Stick on the google eyes (you can use googly eye stickers or attach using the glue gun).
- Tip: If you don't have googly eyes, you can always just draw the eyes!

### Attach Monster Hair

- Cut a couple strips of double sided tape, or use the hot glue gun, to attach the leaves as monster "hair"!

### Tips and Tricks

- If you collect the leaves ahead of time, keep them flat by placing them in the pages of a heavy book or under a flat, heavy object so they don't curl up.
- Test out some different mouth, eye, and hair designs!

**Think about it...** In the fall, because of changes in the length of daylight and changes in temperature, leaves stop their food-making process. The chlorophyll breaks down, the green color disappears, and the yellow to orange colors become visible which gives the leaves part of their fall splendor!
